

The Declaration of We the People

The Want, Will, Hopes and Demands of the People

Be it declared now that *we the people* of this United States of America are unified for our constitutional right to our individual and collective independence. As such, we hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness.

As such we are divinely entitled to receive our personal free will choices without covert interference, manipulation, oppression, or suppression disguised as needed for our security or health of “the community.”

Any attempt to subvert our divine entitlements through mis-leadership, conscious manipulation, deception, misuse or abuse of technologies, or covert activities does not represent *we the people* and is in direct violation of our universal laws of free will. *We the people* do not agree with and neither are *we the people* bound by any laws to cooperate with intentional misuse or abuse of hidden agendas or suppressed technologies, universal truths, or covert weapons of mass destruction (including [experimental vaccinations in violation of the Nuremberg Code](#)) turned against our nation, or our world.

We the people are aware that those who serve or represent the public’s highest and greatest good, trust, or interests have the duty and responsibility not to enslave *we the people* to any misrepresentation, ill will, or malice toward our world or her citizenry, nor invade the rights of *we the people* nor to harass the people (like with [unproven ineffective masking](#)) and erode their substance. We reject any governance who seeks to take away our Charters, abolish our most valued Laws and alter fundamentally the forms of our Governments, and who suspend our own legislatures, and declare themselves invested with power to legislate independently. It is the God-given right of *we the people* to enjoy and expect truth and transparency in our governing bodies and all societal systems and structures. *We the people* declare our freedom from all deceptive practices, ill will, hidden agendas, or covert manipulation or control intended to usurp the will of the people.

All declarations of wars or human experimentation against any peoples or nations are in direct violation of universal free-will laws (and the Nuremberg Code) without the express written consent of *we the people*. *We the people* do not accept conscious manipulations through technological means or any other means that encourage us to fight or fear any other citizen, nation or questionable disease for ill-gotten profits or gains, land or property acquisitions, or universal resources. *We the people* are aware the conscious desire and decision now and evermore for peace, prosperity, the pursuit of happiness, and our divine existence throughout the world and universe.

We the people are aware through the freedom of information act that treaties and agreements have been made by those tasked to represent us, and they have traded human beings for all manner of evil and deprived intent, and for experimentation purposes in exchange for technological advances and hidden agendas and advancements. Those agreements and actions are in direct violation of the Laws of God and free-will laws of man, and now null and void by the free-will choice of *we the people*. Misappropriation of humanities funds,

resources, human trafficking, mandated mass vaccinations, and abuse of power and authority do not reflect a civilized society and do not represent *we the people*.

We the people do hereby declare our freedom from those who willingly or willfully misuse or abuse their positions of authority and violate the public's trust and the people's trust and funding. All funds covertly stolen and/or misappropriated to black operations or intended to be used as a tool to suppress, oppress or experimentally inject the citizenry will be restored and used to eradicate the social ills forced upon the citizenry by means of covert subversion. *We the people* are aware homelessness, poverty, squalor, disease, discomfort, wars, and discord should not exist in civilized societies, and we have the means and will of *we the people*, and with God as our Help to eradicate all such conditions on this planet.

We the people expect full disclosure of all truths hidden and known by our leadership, and an end to all suppression and oppression of the citizenry. For nothing is secret that will not be revealed, nor *anything* hidden that will not be known and come to light. *We the people* are aware of spiritual warfare and the fact we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. At the same time we are aware that our God is Light, and in Him there is no darkness at all and His provision for angels to surround those who fear Him, and rescue us from all evil and spiritual wickedness, that no evil can harm us, no plague come near us as He will protect and defend and guard us in all things. Many things in this realm and beyond have been hidden from us and *we the people* demand the truth. *We the people* are aware of the financial market manipulations, and pharmaceutical and chemical assaults that have been covertly used as a means to usurp our free will and even to destroy us. *We the people* are aware that free, nonpolluting, and clean energy systems and technologies that would benefit the planet and her citizens have been suppressed and withheld as a means to maintain the systems that pollute and corrupt the planet and her citizens, and we do not accept collusions as a form of leadership, governance or a way of life.

In all these things, when these abuses and usurpations continue to be pursued by those in authority over us in a continual form of despotism, and/or for the sole purpose of fatiguing us into compliance, it is the right of *we the people*, it is our duty, to throw off such Government, and to provide new accountable leaders over us for our future well-being and security.

We the people do not accept holocaust or genocidal mistreatment of the planet or her citizenry on any soil, sea, atmosphere, level, or dimension and any forced suffering is not conducive to our divinely appointed existence. *We the people* are aware we have the God-given right to heaven on earth and we pray for God's will to be done on earth as it is in Heaven.

And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor. May God bless America and this World at large.

The will of the people be done. And so it is.
